Hiring Manager
Bank of Montreal
25 Frog Street
Toronto, ON, F4G P0S

Dear Hiring Manager,

I would love the opportunity to work as an application developer for the Bank of Montreal. I have experience in over ten programming languages and enjoy working in a team environment developing, testing and analysing code.

I am currently enrolled in the Computer Programmer Analyst program at George Brown in Toronto and am on track to graduate with full honours. I have experience in a vast array of languages and am skilled in participating in all segments of the development process and thoroughly documenting my code to ensure it is understandable and organized. I have years of experience working within and leading teams to ensure our efforts are organized and productive and am certain I would be an effective team member within your organization.

Thank you very much for the attention to my resume and I look forward to hearing back from you at (555) 555-5555 or example@example.ca.

Sincerely,

Patrick Murphy
